

Faculty Achievement in Medical Education

FOLLOWING THEIR JOINING THE INSTITUTE, several faculty members have been deputed by the Institute to pursue the Advanced Course in Medical Education (ACME). This reflects the Institute's strong commitment to continuous faculty development, excellence in medical education, and capacity building in competency-based medical education.

The following faculty members have successfully completed ACME, completed the required contact sessions, or are currently pursuing the course:

Sr. No.	Name	Designation & Department	ACME Status
